

Build Your Business at the CAPG Healthcare Conference

The 2009 CAPG Healthcare Conference is the premiere event for California physicians and management staff of CAPG member organizations as well as healthcare purchasers, industry leaders and others interested in promoting excellence in organized, coordinated healthcare.

Opportunities to build your business through ad programs and special feature articles are available in this year's CAPG Health magazine special conference edition. This issue will be distributed to all 1,200+ participants at the conference in addition to the magazine's regular distribution of 5,000.

Promote your product or service to key decision makers in organized, coordinated health care. *Advertising is important when times are good, but critical when times are tough.*
